

ASSISTANT PROFESSOR DEPARTMENT OF MICROBIOLOGY AND IMMUNOLOGY

The Department of Microbiology and Immunology at the City University of New York Medical School/Sophie Davis School of Biomedical Education, invites applications for a tenure-track position as Assistant Medical Professor to develop or maintain a competitive, grant-funded research program in basic sciences and to participate in team teaching of Medical Microbiology and Immunology to highly-motivated students enrolled in a seven year combined BS/MD program. The selected candidate will also perform service duties as required by the department and the school.

A research focus in immunology is preferred. We seek applicants with Ph.D., M.D. or M.D./Ph.D. degrees, significant postdoctoral experience (minimum of 3 years), and an established record of accomplishment in research demonstrated by excellent peer-reviewed publications. A strong commitment to the development of a vigorous and innovative independent research program supported with extramural funds, the rigorous training of graduate students and instruction of graduate and medical students is essential. Preference will be given to candidates interested in working in a highly collaborative, interdisciplinary environment with interests complementing those of the department's faculty. Priority will be given to candidates with externally funded research programs.

QUALIFICATION REQUIREMENTS

Ph.D. and /or M.D. with a minimum of three (3) years of postdoctoral experience. Candidates must have a demonstrated record of scholarly research and publications in the fields of Microbiology and/or Immunology. Preference will be given to candidates interested in working in a highly collaborative, interdisciplinary environment with interests complementing those of the departmental faculty. Priority will be given to candidates with externally funded research programs.

TO APPLY Please submit by email, current curriculum vitae, statement of research plan and names and contact information, including email addresses, of three (3) references to:
